*“Fleeing our home was terrifying,  
but we never lost hope.”*

**– Kathy Tran**

*It was our values that brought Kathy Tran to America,  
and she's been fighting for them ever since.*

**Kathy Tran fled oppression before she could walk.**

Kathy was less than a year old when she and her parents fled Vietnam as boat refugees; she became so sick on the journey that she nearly died at sea.

**She understands the American Dream is a promise worth working for.**

Through hard work, Kathy earned multiple degrees and became a public servant at the Department of Labor, where she helped veterans and military spouses acquire the employment services they needed to realize their own American Dream.

**Kathy Tran has always worked hard for our veterans, our schools and our communities.**

**As our Delegate, she'll get Richmond working on values we care about:**

- ★ **Strengthening Our Public Schools** by lowering classroom sizes and raising teacher pay. As president of her local PTA, Kathy knows our students deserve great schools.
- ★ **Expanding access to healthcare insurance** so that hundreds of thousands more Virginians will get the care they need, including veterans, children, and working families.
- ★ **Standing Up for Veterans and Military Families** just like she did at the Department of Labor.
- ★ **Fighting for Equal Pay for Equal Work and Paid Family Leave.**

**Kathy Tran for Delegate:** *The voice we need, now more than ever.*
