

Kate Brown

OREGON'S GOVERNOR

When Oregonians' faith in state government was shaken, Kate Brown stepped into the governor's office and got to work. She's focusing on what matters most: good schools, quality jobs, and increased transparency and accountability from our state government.

Kate Brown is moving Oregon forward.

Governor Brown started her career as a legal advocate for vulnerable children and families. As our governor, she's still fighting to make Oregon a place where everyone has an opportunity to thrive.

➤ **FIGHTING FOR OREGON'S FAMILIES**

Kate increased funding for K-12 education, raised the minimum wage, and passed paid sick leave. She's focused on what our families need.

➤ **RESTORING TRUST IN GOVERNMENT**

Working with Republicans and Democrats, Kate passed important ethics reform and led the effort to require reporting of all lobbying activity.

➤ **PROVIDING THE STRONG LEADERSHIP OREGON NEEDS**

Kate will work to increase our graduation rates, help small businesses thrive, and protect our land, air, and water quality.
